

Draft 122954 Programme Details

Programme status Work in progress

Accreditation status

Programme Overview

Programme number 122954
Title Cadet Forces Foundation Skills (Leadership) (Level 2)
Type Training Scheme
Owner High Wire Charitable Trust (9131)
Level 02
Total credits 20
Total learning hours 200

Aim

This training scheme is delivered to Year 11 Students that are enrolled in School Service Academy's and is a military focused school programme that creates opportunities for young people who might otherwise leave school and find it difficult to find a job or continue with their education.

Trainees will develop knowledge of risk management, communication and gain knowledge of basic aviation and maritime technology and this will be underpinned by an emphasis on foot drill and physical activity – the overall aims of which are to produce a trainee who is proud, obedient and alert.

This scheme will instill within the trainees the fundamentals of leadership through adventure based learning, instruction and practice in leadership styles and techniques, and operating as team leaders and team members.

Graduates of this training scheme will benefit New Zealand society by returning to mainstream education, go on to tertiary education or gain sustainable employment (this may be in the services, but could also be in other areas of employment).
